

50 Years Of Football Focus

- 1) To be given lots and lots of different upsets and cheers
Football Focus has now been going for 50 years
Having had plenty a good presenter
Predicting the matches just like they're meant ta
- 2) Amongst the first hosts Bob Wilson, Steve Rider and Gary Lineker yes
Each looking at the afternoon and evening's football games or so I guess
Succeeded by Ray Stubbs, Manish Bhasin and Dan Walker too
And now Alex Scott the midday host to be seen by me and you
- 3) Football Focus had plenty a guest presenter too
Appearing on the panel oh quite a few
Giving their opinion of each of the weekend fixtures
Showing on BBC TV lots of different team player pictures
- 4) So now Football Focus has taken place from 1974 to 2024
Mentioning more UK football teams than ever before
First on the sport show Grandstand taking place
Though today, on its own, still has a real lot to face
