

## 60 Years Of The Red Arrows

- 1) To constantly perform like never before  
The Red Arrows first performed in 1964  
And to lots of different people's delight  
Went on to have plenty an entertaining air flight
  
- 2) This year is the Red Arrows Diamond anniversary  
With them having performed 60 years for you and me  
For which they'll have an air flight celebration  
With not a slight bit of hesitation
  
- 3) With me not telling a single lie  
The Red Arrows appear amazingly good in the sky  
By very regularly at flying having a go  
And putting on plenty a stunning air show
  
- 4) During their first season the Red Arrows did 65 shows in Europe yes  
The Royal Air Force (RAF) entertaining a lot or so I guess  
Who will continue doing so worldwide forever  
Losing their public interest at all never
  
- 5) Leaving a certain smoke flag message up high  
The Red Arrows often at Buckingham Palace fly by  
And for the Royal Family mark a special occasion  
Whilst needing not a bit of persuasion
