

85 Years Of Citizens Advice

- 1) Now for 85 years Citizens Advice
Have been extremely nice
For quite a cheap price
Offered everyone important advice

- 2) They've really covered a distance each day
Come of deep assistance 'hip hip hurray'
Giving welfare help with no delay
Keeping lots of people away from dismay

- 3) Also to be given a big cheer
Have guided lots of people to a nice career
For them to drink to with a little bit of beer
Avoiding anything from getting much too dear

- 4) Hopefully Citizens Advice will continue for a while
Putting each deep success down on file
Whether face to face or through a short phone dial
Bringing to lots of others quite a bigger smile
