

Captain Sir Tom Moore

- 1) Captain Tom Moore was born on the 30th April 1920 yes
And he was to do quite well at Keighley Grammar School or so I guess
Then to do lots of things he'd never done before
He became a British Army Officer in the second world war
- 2) After the war he became managing director of a concrete company for a while
Also being an avid motorcycle racer with a smile
He was also to have family of his dreams
Sooner than it seems
- 3) On the 6th April 2020 aged 99 he walked laps of his garden in aid of charity
Wanting to support the 'NHS Charities Together' for you and me
Aiming to raise £1000 by his 100th birthday
He was to raise over £32 million hip hip hurray
- 4) Captain Tom featured in the song 'You'll Never Walk Alone' one day
Which topped the UK charts with no delay
On his 100th birthday a flypast by the Royal Air Force and British Army took place
And being appointed honorary colonel of the Army Foundation College brought a smile to his face
- 5) Also on his 100th birthday with lots of regards
Captain Tom received over 150,000 cards
And on the 17th July 2020 he was 'Knighthood' by the Queen
At Windsor Castle to be seen
