

Cricket World Cup Champions 2019

- 1) With lots of skills to be seen
England hosted the Cricket World Cup Championship 2019
And they began this competition as favourites yes
But at what would happen we could only have a guess
- 2) With Captain Morgan and coach Trevor Bayliss helping the English team out
They hammered the Australians in the semi-final no doubt
Then without any at all delay
Were to face New Zealand in the final at a later day
- 3) At first in the final England and New Zealand had a draw
Which had hardly happened ever before
Then with Ben Stokes of his skills being no hider
It went to a Super Over as a decider
- 4) England then astonishingly were to win
And bring to lots of people in the UK a very big grin
Celebrations then went on for absolutely ages
With England being World Champions making all the front pages
- 5) At a slightly later date
This English Cricket team also went to Downing Street to celebrate
And to be given a very big cheer
Are bound to appear on 2019 'BBC Sports Personality of The Year'
