

David Coleman Is 85

- 1) Great ex-TV Presenter David Coleman is 85 today
At which we say hip hip hurray
He was giving TV commentary for ages
Making all the front pages
- 2) In the 1960's David started on TV
Covering many sports for you and me
He definitely had the voice of sport
Presenting 'Grandstand' just like he ought
- 3) David went to many an Olympic Game
Giving enjoyable active commentary time and again
Entertaining really quite a few
He gave great Football coverage too
- 4) Along with 'Sport Commentary' David hosted 'Question of Sport'
Getting Sport Stars giving things a thought
He provided the first 'BBC Sports Review of The Year' as-well
Which had quite a lot to tell
- 5) Along with being a great 'Sport Broadcaster' so true
David's had a great family success too
And we hope he continues with all his many relations and friends to do ok
Both on this and every coming day
