

## Diana Ross Is 80

- 1) Diana Ross was born at Detroit, Michigan, United States on the 26th March 1944  
Then became an American singer and actress like never seen before  
In March 2024 it's her special 80th birthday today  
At which lots of people will say 'hip hip hurray'
- 2) Diana started as lead singer of the vocal group 'The Supremes'  
Who in the 1960s did much better than it seems  
With things for them going really fine  
They were one of the best selling girl groups of all time
- 3) Diana then had a long good solo music career yes  
And also achieved mainstream success and recognition as an actress or so I guess  
'Ain't No Mountain High Enough' her first solo United States number-one hit  
Followed by her single 'I'm Still Waiting' to UK number-one quite easily make it
- 4) Whilst her career took her to heaven  
Diana married Robert Ellis Silberstein from 1971 to 1977  
Then Arne Naess 1985 to 2000 or so  
Who at bringing up 5 children together had a go
- 5) Diana released 25 studio albums and numerous singles to be largely applaud  
In 1976 even named 'Female Entertainer of the Century' by the music magazine 'Billboard'  
With her having lots of Awards, and worldwide concert tours too  
Which were deeply appreciated by oh quite a few
