

How Do You Judge Simon Cowell?

- 1) Simon Cowell's been on T.V. for really ages
And appeared on many newspaper and magazine pages
With a claim for fame very many years ago
As a clever judge on an 'American Idol' fox T.V. show
- 2) He's been a producer and judge for quite a while
Bringing to many wannabe pop stars a smile
Though he claims he wouldn't like to see himself on T.V.
Only to have his nasty on screen remarks, as a judge, to see
- 3) Simon dated actress Terri Seymour quite well
Bringing to him lots of happiness for a spell
He's also been one of the best bosses, in his big career's choice
Entitling him to park where he wants, with his Rolls Royce
- 4) With 'Pop Idol', 'The X Factor' and many other a show
As a judge, giving his open opinion, Simon's constantly had a go
Judging potential stars of oh quite a few
Appearing on 'Britain's Got Talent' T.V. programme too
- 5) Last year he produced a feature length film titled 'Star Struck'
Which into T.V. Talent shows has had quite a good look
Simon will continue to be a producer and judge for absolutely ages
Getting audiences, and potential stars, going through sad & cheerful stages
