

New St. Pancras

- 1) Use of Waterloo International has now changed
Something else to be arranged
Now St. Pancras International is to be known
Whether you go there as families or on your own
- 2) It's a popular European destination station
To use with much appreciation
It's to be very much applauded
In helping people go abroad
- 3) The new naming public opening to remember
Is taking place on the 14th of November
Many people call it the best of all stations
With not a bit of hesitation
- 4) Travelling on this railway line
Usually goes rather fine
Sitting in a comfortable chair
Whilst it's going everywhere
