

Piers Morgan

- 1) Piers Morgan's been around for quite a while
Bringing to many paper and book readers a smile
Having been born in March 1965
He grew up to bring the editing of Newspapers alive
- 2) Piers did editing for 'News of the World' 1994 to 1995
Before once more bringing the 'Daily Mirror' alive
Has all-round been a very clever writer
Each day getting brighter and brighter
- 3) Piers has been the Author of 8 books, yes
Which will all prove popular, I guess
Has been writing for absolutely ages
Starting with great Newspaper pages
- 4) After being a good editor
Piers gradually became a T.V. presenter
Started judging many people who were gallant
On 'America's Got Talent'
- 5) Piers then appeared on 'Britain's Got Talent' too
Where with Simon and Amanda he's judged quite a few
Which I reckon he'll continue doing for a long time
Whilst hoping his own cricket team, and Arsenal F.C. do fine
