

## Rugby Union World Champions 2003 England

- 1) England, under Clive Woodward as an excellent coach  
Have, to the World Championship, made a good approach  
Knocked out team after team  
To achieve their country's dream
- 2) Jonny Wilkinson's scored many a penalty kick  
And in the last minute of the final really did the trick  
Scored 3 points which took England 20, 17 up  
And beat Australia to win the World Cup
- 3) In the concluding game Captain Martin Johnson who is quite tall  
In the throw ins often won the rugby ball  
And when the ball was passed to Jason Robinson quite high  
He dived to score a try
- 4) Everyone in England's been watching their nations Rugby Union team play, this year  
At the same time as have some beer  
And cheer loudly once more  
Each time they do score
- 5) Congratulations to the whole England team  
Who have all played supreme  
And despite the slight occasional cock-up  
Have gone on amazingly to win the Rugby Union World Cup
