

The Golden Jubilee Of Carr Hill High School

- 1) Carr Hill is now 50 years old
Or so I've been told
Yes, for it, this is a special year
Something to drink to with beer

- 2) Many of us have been there in the past
Gaining knowledge that will last
Studying everything that we can
Then sitting many an exam

- 3) We do a lot of work at school, no doubt
Though sometimes mess about
We listen to the many different teachers
On a large number of features

- 4) This school, now been going for a while
Has brought many a smile
Helping children develop their brain
To use time and time again

- 5) We've all, at it, learnt and taught a lot
Quite many an achievement got
And we hope for everyone all goes well
In what the future has to tell
