

The Life Of Dame Olivia Newton-John

- 1) Olivia Newton-John was born in Cambridge, England, on the 26th September 1948
Before she became an Australian singer, actress and activist with no debate
Publishing her first solo album in 1971
And appearing quite frequently on Cliff Richard's weekly show before much time had gone
- 2) Olivia then took part in the Eurovision Song Contest in 1974
Representing the UK a little bit more
With 'Long Live Love' finishing in fourth place
Which brought a smile to many a face
- 3) In 1978, with John Travolta, she starred in the musical film 'Grease'
Which was to have a long lasting good release
Featuring two popular duets or so I guess
Including 'You're the One That I Want' and 'Summer Nights' yes
- 4) Then Olivia married Matt Lattanzi from 1984 to 1995
In 1986 bringing their daughter Chloe Rose alive
She following this married John Easterling from 2008 to 2022
When there was to come bad news on TV for me and you
- 5) To be seen being made 'Dame' in the 2020 New Year Honours, no lie
Olivia on the 8th August 2022 in California, United States, aged 73, of cancer sadly did die
Having her had four time Grammy Award winner, and five number-one hits with a successful career
Now everyone cried to this star's death with plenty a tear
