

The Life Of Len Goodman

- 1) Len Goodman was born on the 25th April 1944 in Farnborough, Kent
Before he showed what professional dancing really meant
When starting dancing at the age of 19
He, for a while, showed what winning many a different competition truly did mean
- 2) Len then appeared on BBC One dance competition 'Strictly Come Dancing' 2004 to 2016
Judging lots of celebrities competing for the glitter ball trophy of their dream
Regularly giving them each a score of 1 to 10
With good and bad satisfaction time and time again
- 3) Len also took part in U.S. television programme 'Dancing with the Stars' 2005 to 2022
With many witty dancers to be seen by me and you
And as judging Len often had a Good Sense of Humour
Which is not just a rumour
- 4) Len married Cherry Kingston 1972 to 1987 yes
Who got on quite okay or so I guess
Then Sue Goodman 2012 to present
Who each with their son James were very pleasant
- 5) As an all round interesting feature
Len was also, in Dartford, Kent, a ballroom dance teacher
Then sadly, on the 22nd April 2023, in Royal Tunbridge Wells, Kent, of cancer he passed away
Bringing to lots of members of the public a big dismay
