

The RIO 2016 Olympics

- 1) On the 5th August 2016 following a large opening ceremony taking place
There was soon to be seen plenty a different kind of Rio 2016 race
Taking part in many a different sport
Everyone trying to do just like they ought

- 2) Great Britain were to do really well
In what the next couple of weeks had to tell
They finished with 67 Medals I was told
27 of which were splendidly 'Gold'

- 3) In tennis Andy Murray, golf Justin Rose, and athletics Mo Farah and lots of others
Each got a Gold Medal yes
One or two who might be recommended for 'Knighthood' or so I guess
With the Great British rowers and cyclists doing the best
Winning the most Medals when put to the test

- 4) The engaged couple Jason Kenny and Laura Trott in the cycling did very well
Jason had a tale of equalling Sir Chris Hoy's Gold Medal record to tell
Adam Peaty just after winning the 100m breaststroke Gold
Was to have broken this swimming world record to be told

- 5) Following the conclusion of the Rio 2016 28 Olympic Sports there was plenty of cheers
Great Britain finishing in 2nd place, just above China, with their best performance for 108 years
The closing ceremony was then to be had
Of an event that had made many a sportsman and woman extremely very glad
