

World Cup Football

- 1) Soon everyone will be staying up
To watch the football World Cup
Each day and night
Having excitement and fright
- 2) Whilst having some beer
People will give many a cheer
And be ready to buy a round
When the net has been found
- 3) On the very whole
There'll be many a goal
Many scored and let in the net
With cheers and regret
- 4) The goalkeepers will have to be brave
To make many a good save
And strikers be sharper than before
To constantly try and score
- 5) Who will win we don't know
But England will have a go
And together as a very good team
Try and achieve their great dream
